I am a **Website Developer** with extensive experience in designing, developing, and maintaining responsive and user-centric web applications. Proficient in HTML/CSS, JavaScript (ES6+), and modern frameworks like React and Angular. Experienced in collaborating with cross-functional teams to deliver robust solutions for dynamic industries.

My **Career Goal** is to become a versatile person who is capable of merging innovative ideas, technology, knowledge, and experience for positive contribution towards technology.

Experience

10/2019 to Present

Freelance Web Developer – Self-Employed.
- Deliver end-to-end web development solutions for global clients, from concept to deployment. Specialize in Shopify, custom eCommerce solutions, and full-stack web applications tailored to client needs.
- Collaborate with business owners, designers, and technical teams to create scalable, high-performance websites.
- implement automation, third-party integrations, and custom app development to streamline business operations.
- Manage multiple projects independently, ensuring on-time delivery and high client satisfaction.

10/2016 to 09/2019

Senior Web Developer - IDLEWILD DIGITAL
- Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences. Develop project concepts and maintain optimal workflow. Work with team to manage large, complex projects for corporate clients. Complete detailed programming and development tasks for front end public and internal websites as well as challenging back-end server code.

11/2015 to 09/2016

Server Side Software Engineer - Venturas LTD.

Others Experience

- **JU Admission Seat Plan** is an Android application. It helps Jahangirnagar University admission candidates easily find their exam seat plan right from their phone. With integrated Google Maps, it shows the exact location and distance from the candidate's current position to the exam hall. This smart app removes exam-day confusion and makes campus navigation simple and stress-free! Android App link: http://www.juniv.edu/juapps
- **ACM Problem Solving**: Solved **180** https://uhunt.onlinejudge.org/id/60961
- Attended **The National Collegiate Programming Contest (**NCPC) at Bangladesh University of Business and Technology (BUBT) in 2012
- **Familiar with** Django, CodeIgniter, Laravel, WordPress, Shopify (Liquid), Woo commerce (WordPress), Prestashop, Squarespace, Weebly and different CMSs/Frameworks.
